

# Lake House Health & Learning Center presents:

## Alternative Homeopathic consultations with Marybeth Buchele

**6:30 p.m. Monday, Aug. 16**

Marybeth Buchele, a classical homeopath physician with a practice in Menomonie, Wis., and St. Louis Park, Minn., will speak on the origins and effectiveness of homeopathic treatment and answer questions.

Free-will offering will be requested. Please call Lake House at (262) 633-2645 to reserve your space for Marybeth's talk.

**Aug. 16 & 17**

Marybeth will offer individual in-depth consultations for interested people on Aug. 16 and 17. See her site at [www.healthnaturally.biz](http://www.healthnaturally.biz) or [www.lakehousecenter.com](http://www.lakehousecenter.com) for more info.

Lake House Health & Learning Center  
932 Lake Ave., Racine  
Call (262) 633-2645

**Marybeth Buchele will take individual appointments** on Aug. 16 and 17 at Lake House Health & Learning Center in Racine

Each consultation will include:

- A phone discussion prior to Marybeth's Racine visit
- A face-to-face three-hour consultation to discuss your health situation in depth.
- A customized homeopathic remedy designed for you with specific instructions on how to take your remedy.
- Follow-up phone call with Marybeth after you begin to take the remedy.

Cost for consultation, related services and customized remedy is \$350 with \$100 deposit by check or PayPal prior to the appointment. Cost may be reimbursed by your Health Savings Account or your insurance's flex plan.

**Please see Marybeth's web site** at [www.healthnaturally.biz](http://www.healthnaturally.biz) to access paperwork and learn more about her and her practice or call her at (715) 231-6068.

**Homeopathy is a safe, gentle and effective method** for healing everyday health problems such as colds and flu, minor urinary complaints and childhood illnesses as well as chronic conditions such as inflammation, intestinal disorders, food cravings, stomach or head pain, muscle and joint pain, depression, auto-immune illnesses, allergies, chronic fatigue and many more ailments.
